

BLADDER 2.2

MULTIVITAMIN & MINERAL
SUPPLEMENT

THERALOGIX

BLADDER 2.2

Why Bladder 2.2?

Bladder 2.2 is a scientifically formulated multivitamin and mineral supplement designed to support a healthy bladder lining.* The formulation of Bladder 2.2 is overseen by an advisory board of leading academic physicians and scientists.

The formulation of Bladder 2.2 expands on the research conducted by Dr. Donald Lamm and colleagues, published in the January 1994 issue of the *Journal of Urology*. In this clinical trial, men and women on BCG therapy also took either a low-dose multivitamin supplement plus high doses of vitamins A, B₆, C, E, and zinc, or a low-dose multivitamin only. After being followed for an average of four years, the individuals taking the higher-dose nutrient combination had healthier bladder linings than those taking the low-dose multivitamin.

A study presented at the 2008 American Urological Association meeting showed similar results. This same combination of high-dose nutrients (this time with more vitamin D and folic acid) was beneficial when taken along with BCG therapy. To learn more about this research, please ask your urologist.

In addition to nutrients shown to support a healthy bladder lining, Bladder 2.2 contains essential minerals to supplement your diet and promote optimal health.* Bladder 2.2 is a complete daily multivitamin and mineral supplement, and should not be taken with another multivitamin. For more information about taking Bladder 2.2 along with other nutritional supplements, please contact our Nutrition Department toll-free at (888)899-3899, ext. 4.

Bladder 2.2 is the only supplement for a healthy bladder lining* that has been independently tested and certified for content accuracy and purity.

Why Theralogix?

NSF® International Dietary Supplements Certification

Theralogix is committed to providing only the highest-quality supplements. Bladder 2.2 is tested and certified by NSF International. NSF is a not-for-profit organization that is the world leader in standards development and product certification for public health and safety. NSF has implemented the highest quality control standards in the supplements industry. The NSF mark is your best assurance of a dietary supplement's content accuracy, purity, and freedom from contaminants.

Manufactured in an NSF-Registered Facility

Contents Tested & Certified

The facility where Bladder 2.2 is manufactured is registered with NSF as in compliance with current Good Manufacturing Practices (cGMPs). These guidelines define the manufacturing processes, procedures, and documentation that assure the identity, strength, composition, and quality of the product.

Medical Advisory Board Oversight

The leading academic physicians and scientists of the Theralogix Medical Advisory Board meet regularly to oversee all product formulations. You can be sure that Bladder 2.2 is safe and reflects ongoing review of the most current scientific evidence.

Bladder 2.2 (180 tablets)

Supplement Facts

Serving Size: 2 Tablets
Servings Per Container: 90

	Amount Per 2 Tablets	% Daily Value
Vitamin A (as beta carotene, palmitate)	18,000 IU	360%
9000 IU from beta-carotene		
9000 IU from palmitate		
Vitamin C (ascorbic acid)	1000 mg	1667%
Vitamin D ₃ (cholecalciferol)	2000 IU	500%
Vitamin E (as 50% d-alpha tocopheryl succinate, 50% mixed tocopherols)	200 IU	667%
Thiamin (vitamin B ₁ , as thiamine mononitrate)	1.5 mg	100%
Riboflavin (vitamin B ₂)	1.7 mg	100%
Niacin (as niacinamide)	20 mg	100%
Vitamin B ₆ (as pyridoxine hydrochloride)	100 mg	5000%
Folic Acid	400 mcg	100%
Vitamin B ₁₂ (as cyanocobalamin)	6 mcg	100%
Biotin (as d-biotin)	30 mcg	10%
Pantothenic Acid (as d-calcium pantothenate)	10 mg	100%
Calcium (as dicalcium phosphate)	100 mg	10%
Phosphorous (as dicalcium phosphate)	75 mg	8%
Iodine (as potassium iodide)	150 mcg	100%
Magnesium (as magnesium oxide)	100 mg	25%
Zinc (as zinc gluconate)	30 mg	200%
Selenium (as Selenomax® high selenium yeast)	70 mcg	100%
Copper (as copper citrate)	2 mg	100%
Manganese (as manganese citrate)	2 mg	100%
Chromium (as chromium citrate)	120 mcg	100%
Molybdenum (as sodium molybdate)	75 mcg	100%
Chloride (as potassium chloride)	46 mg	1%
Potassium (as potassium chloride)	50 mg	1%
Lycopene	10 mg	*
Boron (as boron glycinate)	500 mcg	*

* Daily Value not established

Other Ingredients: Aqueous coating, silicon dioxide, croscarmellose sodium, magnesium stearate, hypromellose, titanium dioxide

Suggested Use:

Take two tablets per day, with food. Tablets can be taken together or at different times; take tablets separately if you have a sensitive stomach.

Supplements containing beta-carotene may increase the risk of lung cancer in smokers; therefore, smokers should not use Bladder 2.2.

Ordering Instructions

Our auto-refill program includes free delivery. You may cancel, postpone, or change the interval of your shipments at any time.

Please use the Provider Referral Code (PRC) printed below when you order. This informs your healthcare provider of your order and provides you with preferred pricing.
